

Based on your current schedule, which teacher category would you fit into?

A1 : No SLOs needed

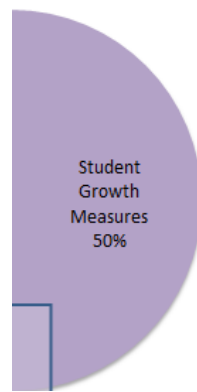

A2 : 1 or 2 SLOs, may include Vendor Assessment data

B : Vendor Assessment and 2 SLOs

C : Only SLOs

SLOs will be created collaboratively at the department / grade level with common assessments.

- Think about current assessments and the data available.
- SLO Template will be accessible in My Learning Plan. Each teacher will need to submit the SLOs even though they will be common department/grade level SLOs. Teachers will have their own specific population and data to enter.
